This is the 51st year the Minnesota Twins and the Twins Community Fund have offered free youth baseball/softball clinics. Twins Youth Clinics are designed to teach the game's fundamentals, which include hitting, fielding and throwing and provide participants with positive messages about staying in school and away from drugs and alcohol.

The Twins staff is comprised of former players, coaches, scouts and/or instructors.

No registration is required to participate in the clinic. Just show up and bring your glove. This is a rain or shine event! If the clinic gets rained out, it will be held at the National Sports Center Sports Hall (1700 105th Ave. NE).
